## LRMC

# *Force Health Protection/ MEDPROS Synchronization*

***ERMC Force Health Protection Office***

***COL Allen J. Kraft***

***Ms Klemm***

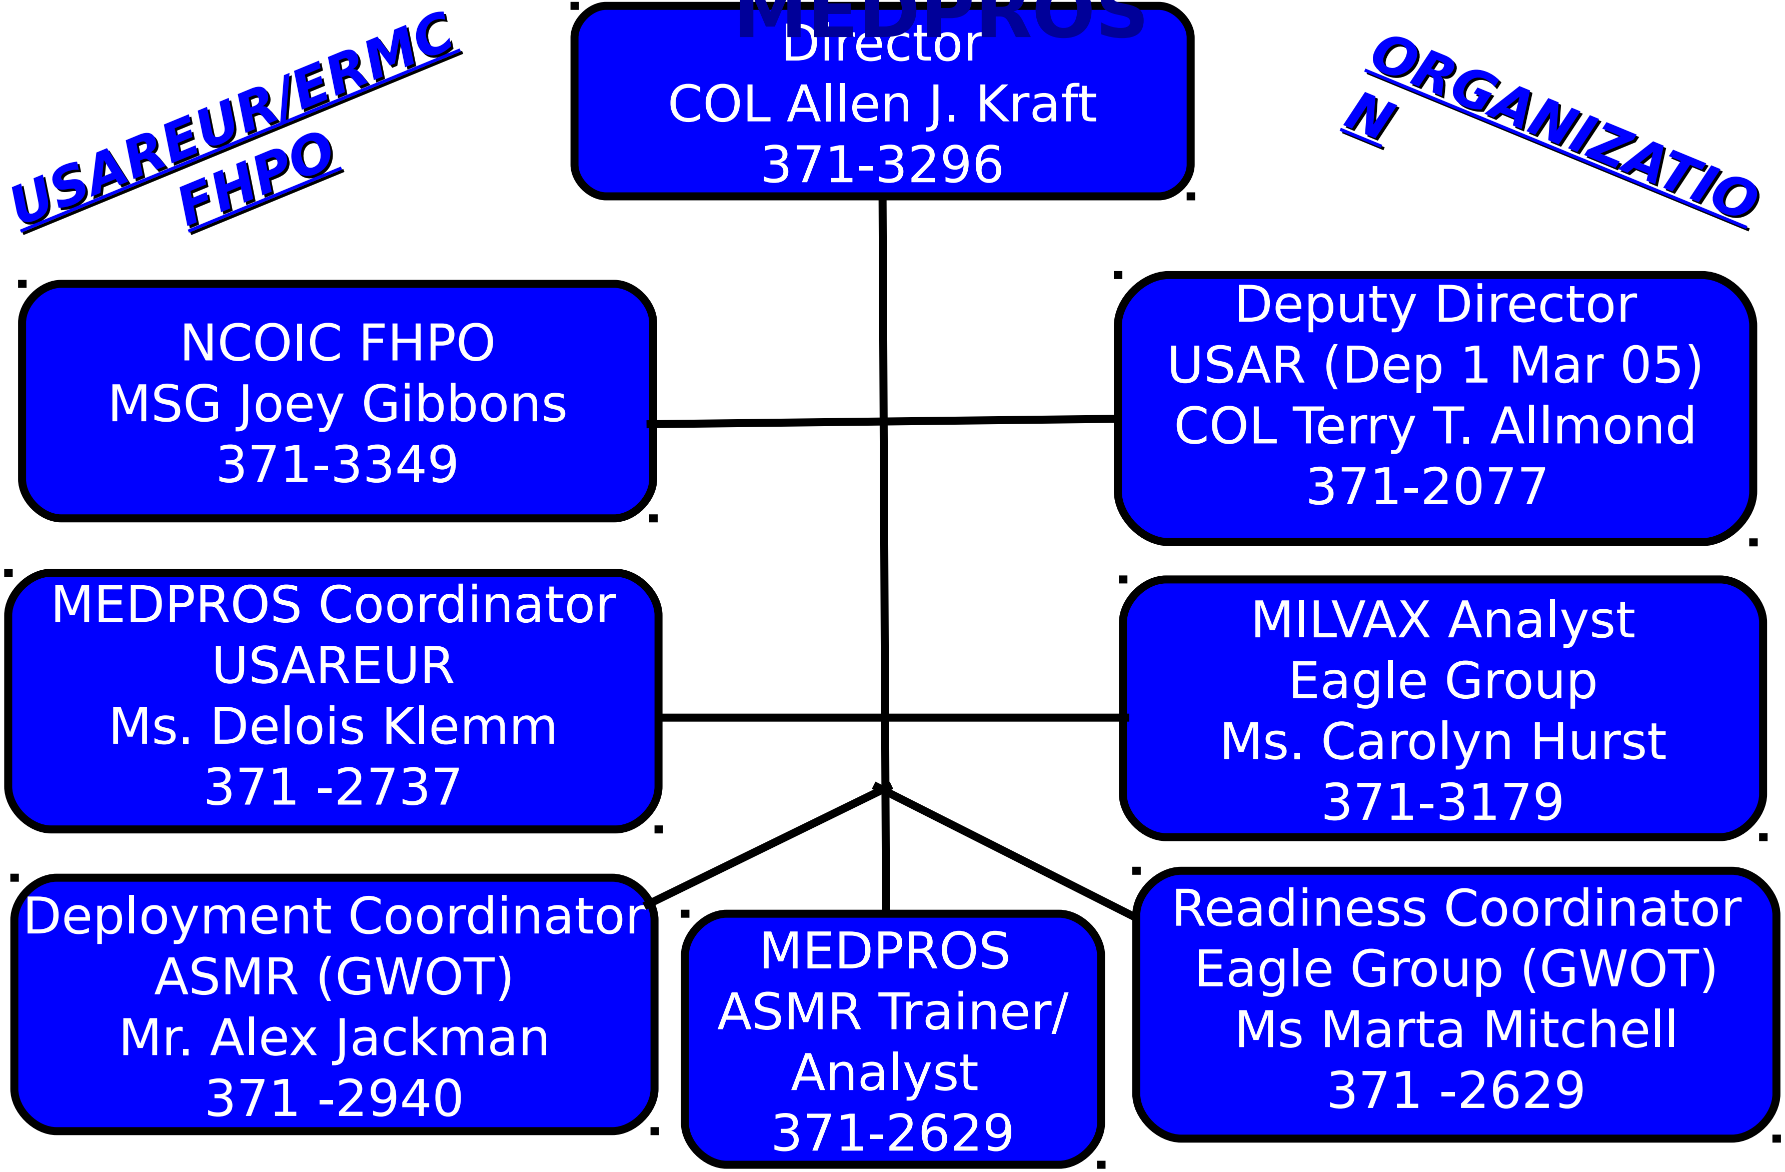
***MEDPROS Coordinator***

# Med Readiness, Processing, MEDPROS

- ***Agenda*** **– See Handout**
- ***Purpose:*** **Provide semi-annual FHP/Med Readiness/MEDPROS synchronization with MTF's/Clinic's – In turn you take it to your line units. *PROACTIVE APPROACH!!!***
- **Meeting to facilitate information update/ feedback regarding medical readiness, deployment/re-deployment medical processing in USAREUR/Your footprint**
- **Provides opportunity for MTF's/clinics to describe/share their success's and challenges**

# Med Readiness, Processing, MEDPROS

## USAREUR/ERMC FHPO ORGANIZATION



Director
COL Allen J. Kraft
371-3296

NCOIC FHPO
MSG Joey Gibbons
371-3349

Deputy Director
USAR (Dep 1 Mar 05)
COL Terry T. Allmond
371-2077

MEDPROS Coordinator
USAREUR
Ms. Delois Klemm

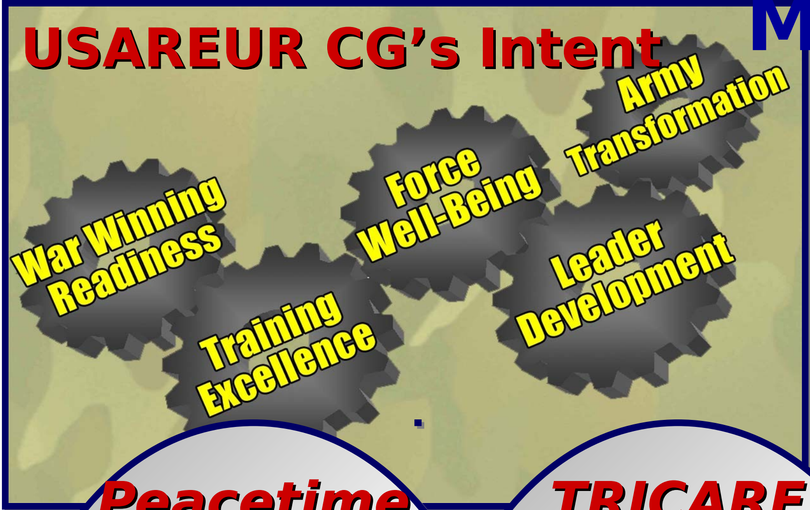
## USAREUR CG's Intent



Army Transformation
Force Well-Being
War Winning Readiness
Leader Development
Training Excellence

## *Full Spectrum of Healthca*

- **Deploy a Healthy Force**
- **Deploy the Medical Force**
- **Manage the Care**
- **AMEDD Transformation**

## *Peacetime Healthcare*

**1 Medical Center**

**2 Army Hospitals**

**26 Health Clinics**

**ERDC**

**CHPPM-EUR**

**USAMMCE**

**WRAIR-EUR**

## *TRICARE Europe*

**Army Lead Agent**

**Host Nation Support**

**Robust Preferred Provider Network**

**Patient Choices – Prime & Standard**

**Patient Liaison**

**WIC Overseas**

## *Command Surgeon*

**Force Health Protection**

**Medical Readiness**

**CHCS**

**MEDPROS**

**Influenza, Anthrax, Smallpox**

**91W Program**

## *Operations*

**Balkans – SFOR & KFOR**

**Georgia Train & Equip**

**OEF / OIF**

**1ID/1AD De/Redeployment**

**V Corps Redeployment**

# Med Readiness, Processing, MEDPROS

- **Medical Readiness is a critical component of the most lethal weapon system in the world…*The Human Weapon System*.**

- **Allows Leadership and Soldiers - to focus on critical war fighting tasks, provides confidence to Soldiers and their families…a critical combat multiplier!**

# Med Readiness, Processing, MEDPROS

## MEDPROS – UMR/IMR

### Phase I (Completed Dec 03)

✓ **USAREUR Command Drill-Down with percentages**

### Phase II (Completed 1 May 04)

✓ **All Army Command Drill-Down with IMR percentages**

### Phase III (Completed 1 Jun 04)

✓ **All Army Command Drill-Down with Fully Mission Ready metric**

### Phase IV (Completed 1 Jul 04)

✓ **All Army Command Drill-Down in SIPR environment**

**16 Mar**: Received MPO approval to post new UIC Tree to MEDPROS Production site.

**12-16 Apr:** MPO identifies the MACOM UIC data source validators and begin identifying Phase III Requirements.

**12-16 Apr:** Meet with MPO to define specific actions to implement All Army Cmd Drilldown.

**20 Apr:** Provide limited access to MACOM UIC validators and other designated personnel in MEDPROS Production site.

**20 Apr:** Move all Army Cmd Drilldown to production.

**1 May:** Release All Army Cmd Drilldown Phase II product to designated users.

**1 Jun: Field All Army Cmd Drilldown with FMR metric.**

**9 Jun:** Test and evaluate with MACOM UIC validators.

**15 Jun:** Demo Phase III in SIPRNET environment.

**1 Jul: Field** IMR Cmd Drilldown in SIPRNET.

**Mar 04** **Apr 04** **May 04** **June 04** **July 04**

# Med Readiness, Processing, MEDPROS

## UMR/IMR and AR 220-1

***Actions Completed***

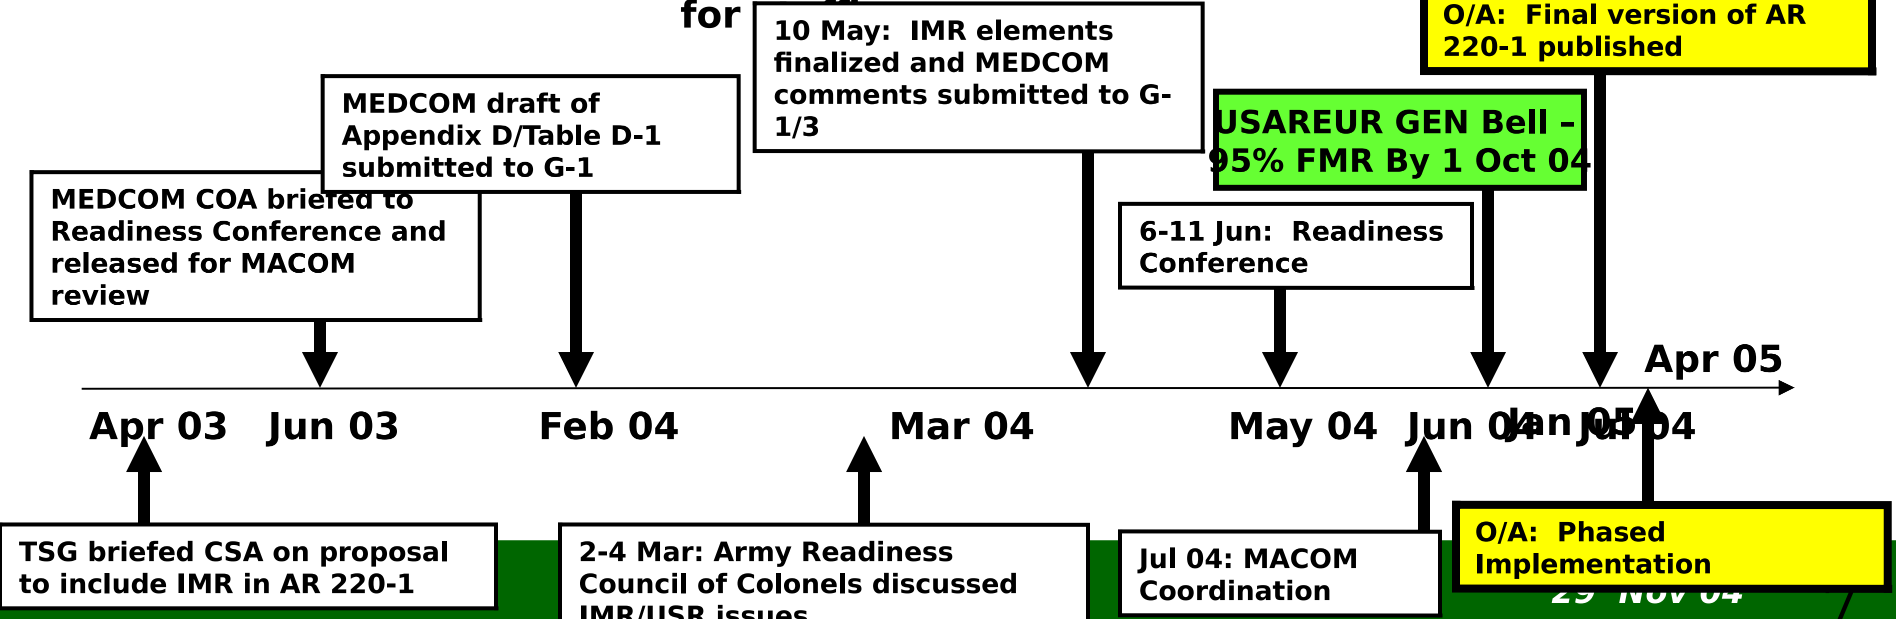
- **TSG Brief to CSA**
- **Concept Brief to Readiness Conference**

***Actions Completed***

- **IMR elements finalized and Implementation Plan Completed**
- **MEDCOM draft AR 220-1 comments to G-1**
- **G-3 final draft of AR 220-1 published for**

***Actions Completed/Working***

- **Readiness Conference brief**
- **MACOM Coordination**
- **Publish final version of AR 220-1**
- **Phased Implementation**



**MEDCOM COA briefed to Readiness Conference and released for MACOM review**

**MEDCOM draft of Appendix D/Table D-1 submitted to G-1**

**10 May: IMR elements finalized and MEDCOM comments submitted to G-1/3**

**6-11 Jun: Readiness Conference**

**USAREUR GEN Bell – 95% FMR By 1 Oct 04**

**O/A: Final version of AR 220-1 published**

**TSG briefed CSA on proposal to include IMR in AR 220-1**

**2-4 Mar: Army Readiness Council of Colonels discussed IMR/USR issues**

**Jul 04: MACOM Coordination**

**O/A: Phased Implementation**

# Medical Processing

- ***Deployments:***
  - Coordinate in advance with supporting MTF/clinic
  - CDRS must ensure every Soldier completes medical processing prior to deployment.  Includes:
    - 100% FMR (8 USR Items), 9 Non-USR, G6-PD, Anthrax and HEP B (As applicable)
    - Pre Deployment Health Assessment Form DD Form 2795 – (Electronic submission only)
    - TB Skin test (With 24-48 Read)
    - HIV test
    - Medical threat briefing with handouts/Trifolds
    - Immunizations needed for AO – coordinate in advance with supporting MTF/clinic (may need to continue down range)
    - Take only Medical Deployment Folder DD 2766 down range – permanent med records stay at home station
    - Need Internet connectivity at each CPF/SRP/PDP/RDP site

# Med Readiness, Processing, MEDPROS

## Medical Processing

- ***Redeployments:***
  - **Coordinate in advance with supporting MTF/clinic**
  - **CDRS must ensure every Soldier completes medical processing prior to block/individual leave.  Includes:**
    - **100% FMR (8 USR Items), 9 Non-USR, G6-PD, Anthrax and HEP B (As applicable).  Dental and CFE after block leave.**
    - **Post Deployment Health Assessment Form DD Form 2796 (If deployed for 30 or more continuous days) (Electronic Sub Only)**
    - **Initial and 3-6 month TB skin test with 48-72 hour read/medical documentation in MEDPROS**
    - **Blood draw for serum repository and G6-PD draw if needed**
    - **Medical threat brief – may have been done downrange**
    - **Ensure Soldiers with medical/dental referrals schedule and report for appointments/treatment**
    - **90-120 day post deployment behavioral health screening (With Follow-up TB Skin test)**
    - **Get medical readiness back to 95% FMR upon return from block leave**
    - **Need Internet connectivity at each SRP/PDP/RDP site**

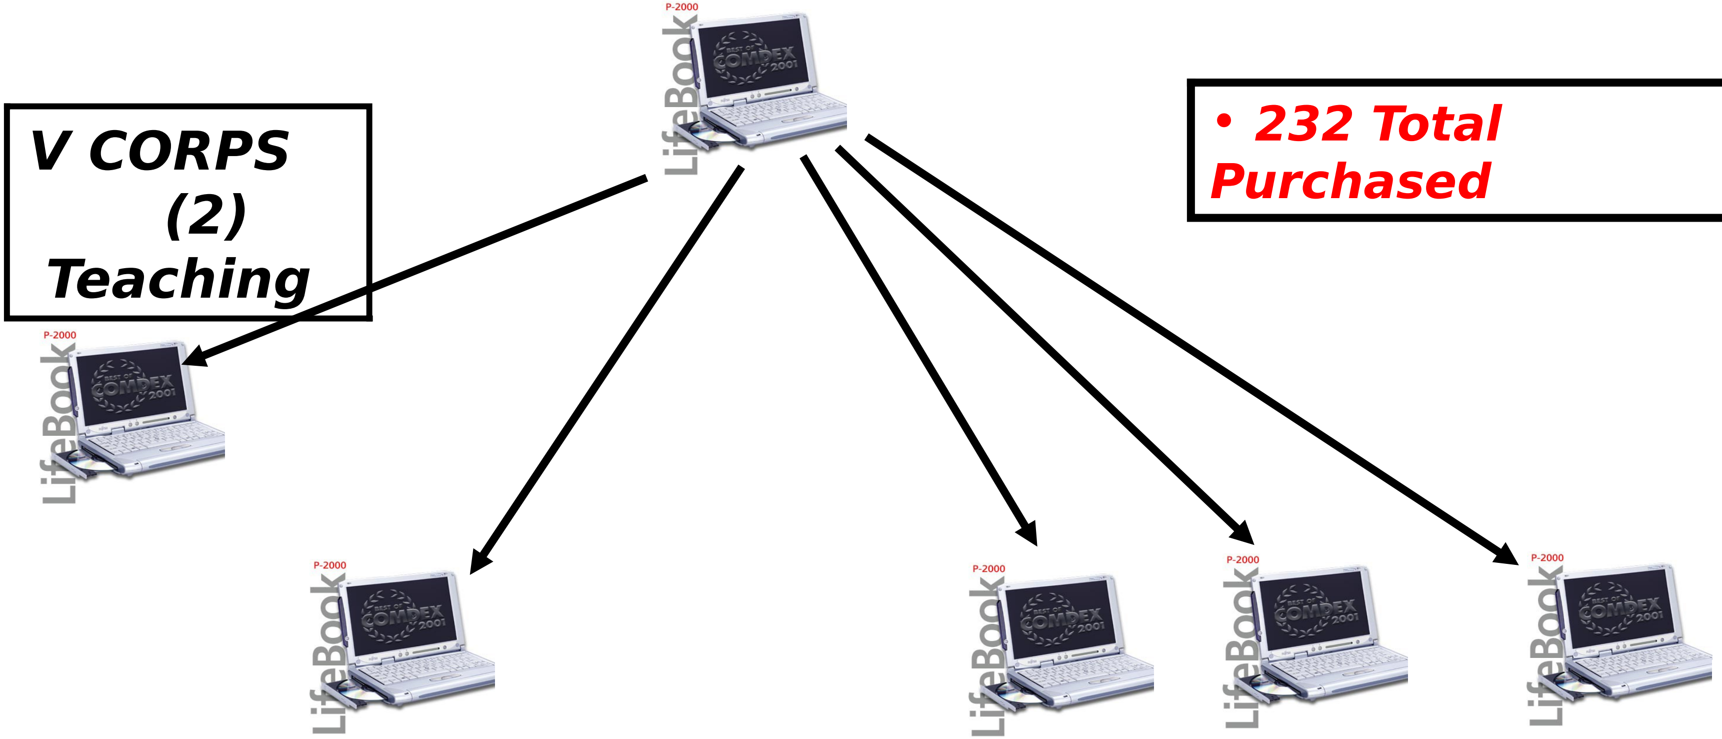
# Med Readiness, Processing, MEDPROS

## MEDPROS Database Population/Equipment F

- ***INITIATIVE:***
- Recognized early need to populate MEDPROS Database, and obtain automation equipment for MEDPROS Database sustainment
- Executed an aggressive campaign plan to inform and get USAREUR Leadership support and involvement
- Requested and obtained $1.5M from USAREUR COS for project
- Condensed 3 year population project to 4 months – prep for Iraq
- Hired over 100 personnel from a local German Manpower Agency
- Obtained manpower assistance from 7th ARCOM MSU (Germany) and 7236th MSU (Ft Bragg), ASMR, and Logistics Health Incorporated (LHI) (LaCrosse WI)
- Purchased automation equipment:  232 Z-PAQ’s and Tablet PC’s, various signature pads, printers and hubs/switches to distribute to our 3 MTF for use for the 27 clinics in their footprints
- Conducted simultaneously with the influenza vaccination program

- ***RESULTS:***
- Populated over 503K immunizations from over 56K medical records
- Allowed 1st AD/other USAREUR units to PDP quickly and accurately for Iraq
- Provided automation equipment/tools to sustain MEDPROS Database

# FHPO PC Distribution Plan



**V CORPS (2) Teaching**

- **232 Total Purchased**

**FHPO (6) Teaching & Re-Deployment Loaners**

# Med Readiness, Processing, MEDPROS

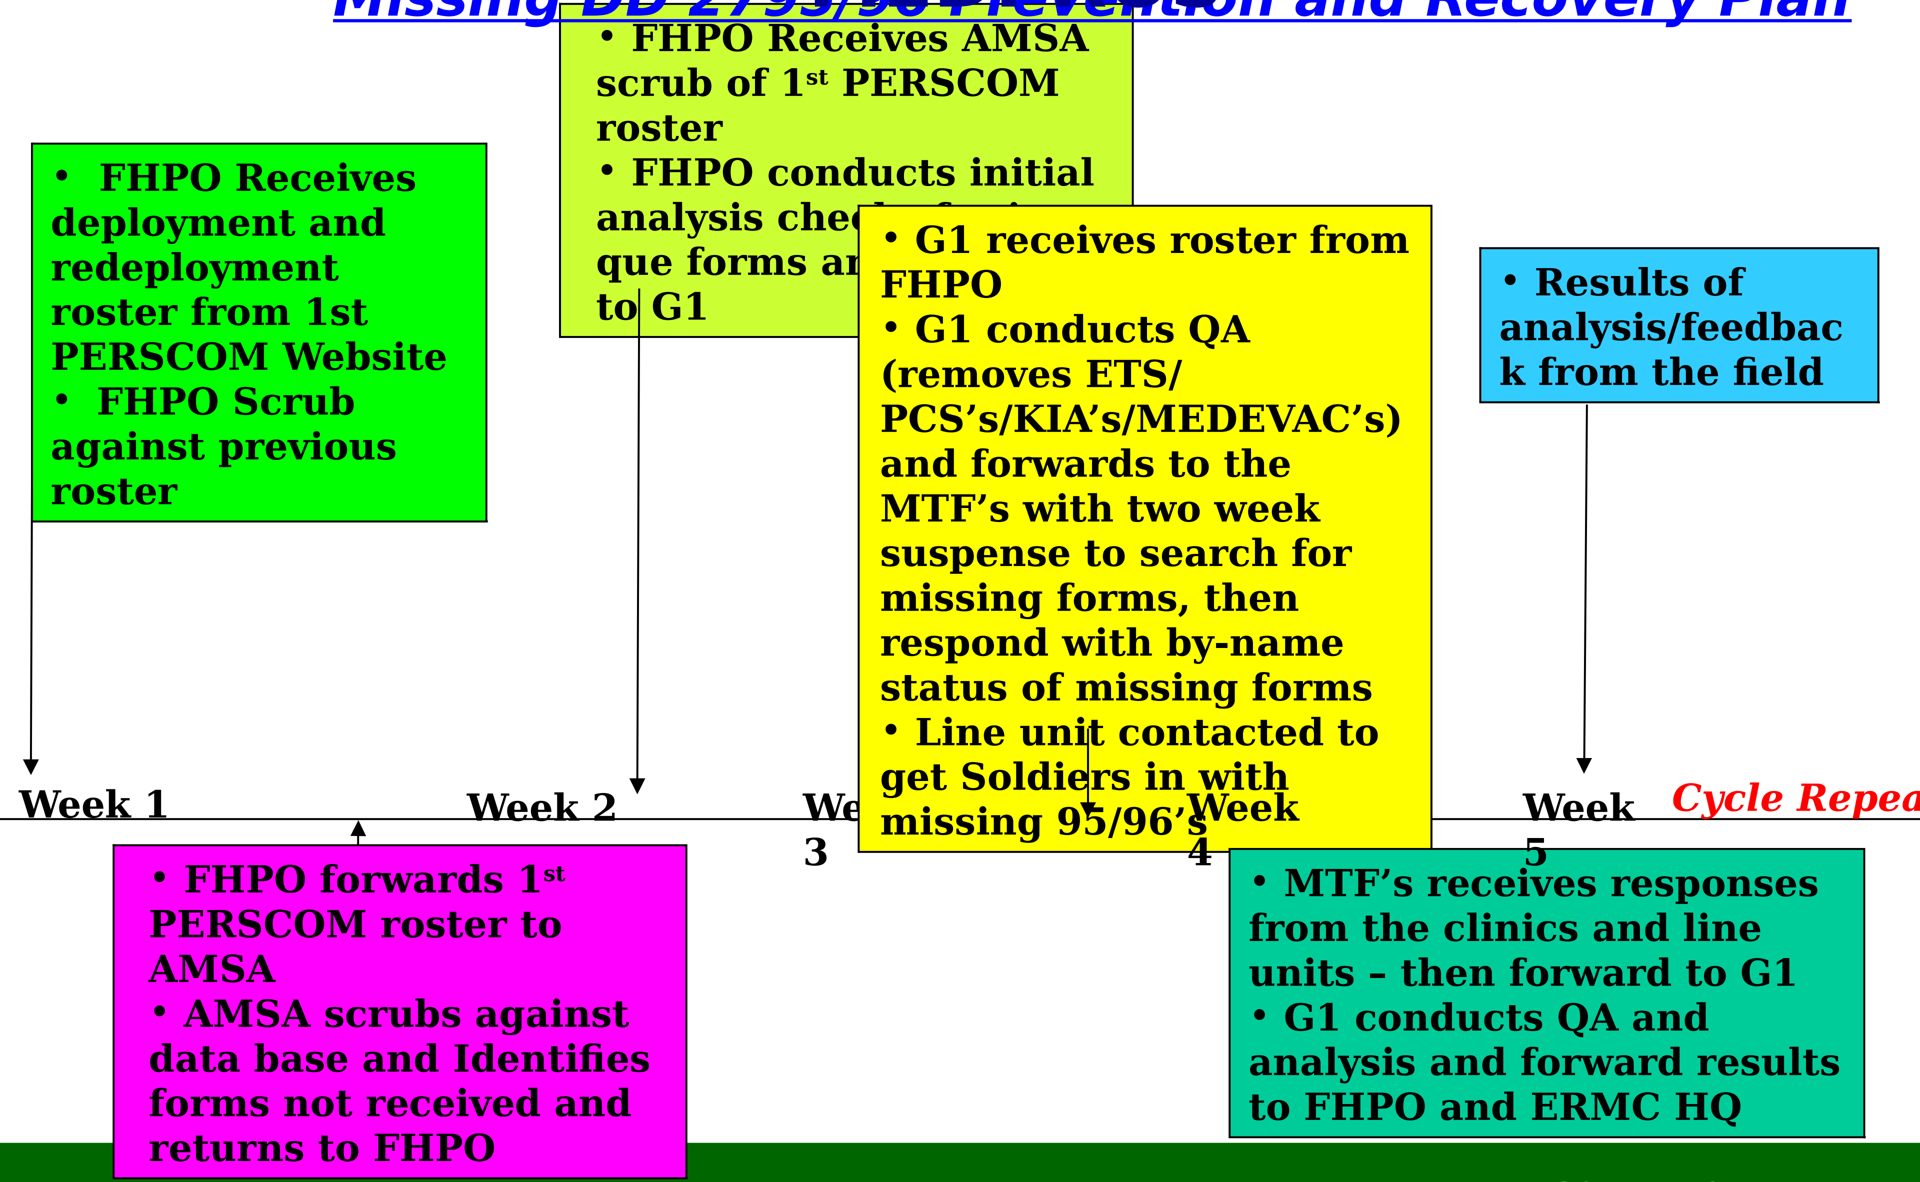
## Missing DD 2795/96 (Pre/Post) Recovery Plan

- ***INITIATIVE:***
- USAREUR first MACOM to go all "Electronic" for PPDHA Processing, 1 Mar 04
- Replaced 3rd PERSCOM with 1st PERSCOM roster effective mid Mar 04
- 1st PERSCOM rosters sent to AMSA for check of valid 2795/6's on file
- Taskers to MTF's to find "Forms not on file at AMSA"
- 11 Mar 04, ERMC issues policy that returning soldiers MUST HAVE COMPLETED DD 2796 IN RIDES Website application to assure data capture and reduce hunt for "Missing" forms – paper/MPDA forms not accepted for AMSA
- When a "missing MPDA" form is identified, a new RIDES form is created

- ***RESULTS:***
- DD 2795 capture rate of >88% for all deployments – 1st ID all done electronically, probably 1st Division in Army to do so
- DD 2796 capture rate of 91% for redeployed since Jan 04, includes combination of paper, MPDA, and RIDES Website application
- ***NOTE:***
- Latency of MPDA generated forms data into AMSA may cause some of "missing" forms – CENTCOM Surgeon now directing daily MPDA uploads
- Many enhancements to MEDPROS and RIDES software will improve capture rates of forms data

# Med Readiness, Processing, MEDPROS

## Missing DD 2795/96 Prevention and Recovery Plan



- FHPO Receives deployment and redeployment roster from 1st PERSCOM Website
- FHPO Scrub against previous roster

- FHPO forwards 1st PERSCOM roster to AMSA
- AMSA scrubs against data base and Identifies forms not received and returns to FHPO

- FHPO Receives AMSA scrub of 1st PERSCOM roster
- FHPO conducts initial analysis chec que forms ar to G1

- G1 receives roster from FHPO
- G1 conducts QA (removes ETS/ PCS's/KIA's/MEDEVAC's) and forwards to the MTF's with two week suspense to search for missing forms, then respond with by-name status of missing forms
- Line unit contacted to get Soldiers in with missing 95/96's

- MTF's receives responses from the clinics and line units – then forward to G1
- G1 conducts QA and analysis and forward results to FHPO and ERMC HQ

- Results of analysis/feedback from the field

**ANALYSIS**:

- USAREUR tracking all paper and electronic DD2796s submitted to AMSA
- 1st PERSCOM roster and MEDPROS used to track all forms
- USAREUR one of the leading MACOMs to monitor the DD2796 process and achieve positive results, over 14,844 post deployment forms submitted downrange and on file at AMSA

**HOW WE CAN HELP**:

- Continued Command emphasis
- Continued interface/teamwork between line units and MTF's

# Med Readiness, Processing, MEDPROS

## MEDPROS

- MEDPROS is the Army data base desktop tool you use to track your unit medical readiness.
- Get your MEDPROS Login/Password (See next 2 slides)
- Get: GEN Bell Policy Letter 32, HQ USAREUR Message # 0408162 (DMS Implementing Instructions), and V CORPS MEDPROS Guide For Leaders (1 Sep 04) @: http://www.healthcare.hqusareur.army.mil (Force Health Protection)
- Monitor your unit medical readiness status daily… Update your non-USR items in MEDPROS quarterly
- Get your Soldiers to your supporting medics/dentists to update the 8 USR items in MEDPROS…Be PROACTIVE
- MTF/Clinic Leadership: Monitor MEDPROS daily, Reach out/coordinate with line units, Provide medical readiness services, document in MEDPROS within 24 hours

# Med Readiness, Processing, MEDPROS

## *How to Obtain* ***READ ONLY*** MEDPROS PASSWORD

- **Go to this website: WWW.MODS.ARMY.MIL**
- **Select the (blue) MEDPROS button, select MEDPROS CONUS from the pop-up menu**
- **Select ACCESS TO MEDPROS button on the bottom of the panel**
- **Complete the on-line application (Red Text Items are required). Check *ALL* the report types available on Select Modules. Submit. Print the online application after it has been accepted so you can remember your access code. Your access code is your password for the first time you access MEDPROS.**
- **You should receive an email with your MEDPROS access in 48 hrs, if not contact the Force Health Protection Office at the Europe Regional Medical Command 371-2940/2737/3179/3349.**

# Med Readiness, Processing, MEDPROS

## How to Obtain WRITE ONLY MEDPROS Password:

- **Go to this website:** **WW.MODS.ARMY.MIL**
- **Select the (blue) MEDPROS button, select MEDPROS CONUS from the pop-up menu**
- **Select ACCESS TO MODS button**
- **Complete the on-line application Part A, and Part C 2 and 3, (Font size 12 or larger).**
- **Print, then sign and date Part B of the hard copy.**
- **Have hard copy Part C completed by your security manager, and signed by your commander. (Keep a copy of the form).**
- **Individual/Security Manager/Commander faxes the completed form to Force Health Protection Office (FHPO) at the Europe Regional Medical Command FAX 371-3315.** **Person requesting MEDPROS access is responsible to ensure signed and completed form is faxed to FHPO**. For assistance call FHPO at 371-2940/2737/3179/3349.
- **Individuals requiring READ and WRITE access must fill out separate READ and separate WRITE requests.**

## *How to Execute VCSA/TSG Gen Bell Policy 32*

- ***Line units:*** **Coordination with your respective supporting MTF/clinic. ID unit POC- Monitor your unit IMR/UMR, and anthrax in MEDPROS… *Be Proactive!* Get your Soldiers to your supporting MTF/clinic to get IMR/UMR and anthrax current!**
- ***MTF/Clinic Leadership:*** **Monitor MEDPROS daily for your footprint, Reach out/coordinate with line units, Provide medical readiness services, document in MEDPROS within 24 hours… *Be Proactive!***

# Med Readiness, Processing, MEDPROS

## Critical Points to Remember:

- The commander is responsible for medical readiness, including Anthrax vaccinations (Program currently on pause) , Pre/Post Deployment Processing, IMR/UMR, and ensuring posting in MEDPROS – Get your MEDPROS “read” access now
- **Medical readiness fully endorsed/high priority by VCSA, GEN Bell, LTG Ward, USAREUR Surgeon and USAREUR Leadership…they are provided monthly status for all USAREUR units**
- **Work closely with your line units…supporting MTF/ clinic to ensure unit medical readiness/processing before and during deployments/redeployments**
- MTF/Clinic Leadership: Monitor MEDPROS daily for your footprint, Reach out/coordinate with line units, Provide medical readiness services, document in MEDPROS within 24 hours

# Med Readiness, Processing, MEDPROS

## Command Emphasis:

- **Ensure key leaders have "Read" capability, and Units have "Write" capability in MEDPROS**
- **ID unit POC - Monitoring/updating your units IMR/UMR status in MEDPROS**
- **Daily coordination between MTF's/clinics, to ensure coordinated support for all USAREUR Soldiers during CPF/SRP/PDP/RDPs**
- **Ensuring adequate Internet Drops for Medical Personnel at each SRP/PDP/RDP sites**
- **MTF/Clinic Leadership: Monitor MEDPROS daily for your footprint, Reach out/coordinate with line units, Provide medical readiness services, document in MEDPROS within 24 hours**

# Med Readiness, Processing, MEDPROS

## The Admin Provider is the Person Giving Soldiers Their Shots, Not the Person Posting Them In MEDPROS

The MODS Support Team has identified that some MEDPROS Users are putting their name in the ADMIN PROVIDER field of MEDPROS and RIDES when posting vaccinations. The intent of the Admin Provider field is to capture the name of the person who gave the soldier the vaccination, not the person who posted it in MEDPROS. The MEDPROS and RIDES systems automatically capture the name of the person who posted the vaccinations thru their system login procedures. The purpose of posting the name of the person who gave the shot (the Admin Provider) is so they can be contacted by any quality control personnel on procedures they used when the shot was administered – a question that most likely could not be answered by the person who posted the shot in MEDPROS or RIDES, unless they actually performed both missions. To view other recent updates for the MEDPROS Mainframe, Web, PPDHA, and RIDES click on the “Training/Updates” button to the left of the MEDPROS Dashboard.

**Report definitions**

Medical Readiness Indicators

NOT PRG = Not Pregnant
MND = Medical Nondeployable Profile
DNA = DNA on File
DEN = Dental Readiness: Cat 1, 2, 3, or 4
HIV = HIV Test Current
IMM = Immunizations Current
NO LDP = No Limited Duty Profile
CPE = Current Physical Exam

2PG = 2 pair glasses on hand
1MI = 1 pr mask inserts
HAB = Hearing Aid w/battery
MED = 90 days meds on hand
MWT = Medical Warning Tags
OPR = Occupational Protection, Respiration Issued
OPV = Occupational Protection, Vision Issued
OPH = Occupational Protection, Hearing Issued
PAN = Dental Panograph on File

Note: Medical Readiness Indicators in blue text with a white background are used to determine the Fully Medically Ready (FMR) Percentage.To be considered "Fully Medically Ready", a soldier must be "Green" for all 8 FMR Indicators.

## The Admin Provider is the Person Giving Soldiers Their Shots, Not the Person Posting Them In MEDPROS

The MODS Support Team has identified that some MEDPROS Users are putting their name in the ADMIN PROVIDER field of MEDPROS and RIDES when posting vaccinations. The intent of the Admin Provider field is to capture the name of the person who gave the soldier the vaccination, not the person who posted it in MEDPROS. The MEDPROS and RIDES systems automatically capture the name of the person who posted the vaccinations thru their system login procedures. The purpose of posting the name of the person who gave the shot (the Admin Provider) is so they can be contacted by any quality control personnel on procedures they used when the shot was administered – a question that most likely could not be answered by the person who posted the shot in MEDPROS or RIDES, unless they actually performed both missions. To view other recent updates for the MEDPROS Mainframe, Web, PPDHA, and RIDES click on the "Training/Updates" button to the left of the MEDPROS Dashboard.

| Report definitions | |
|---|---|
| Station | This is the soldiers assignment Station as recorded in the TAPDB. |
| UIC | This is the soldiers assignment UIC as recorded in the TAPDB. |
| Overdue | Identified by a color of red. This means the soldier is overdue for his/her next Anthrax immunization. |
| Name | This is the soldiers Name. |
| SSN | This is the soldiers Social Security number (only the last 4 digits are displayed). |
| Rank | This is the soldiers Rank. |
| AOC/MOS | This is the soldiers Military Occupational Specialty or Area of Concentration or GS Pay grade. |
| Type | This is the Anthrax immunization shot type code. |
| Imm # | This is the series number of the Anthrax immunization. |
| Imm Date | This is the Date of the last anthrax immunization (MM/DD/YYYY). |
| Next Due | This is the Date the next Anthrax immunization is due (MM/DD/YYYY). |
| Status | This is the immunization status.<br>PA = Partial/Shots 1 and/or 2,<br>UND = Underway/Shots 3, 4, 5,<br>CP = Series complete/annual booster required |
| COMPO | This is the Component the soldiers is in<br>1 = Active Duty<br>2 = ARNG<br>3 = USAR<br>O = Other (civilian, contractor). |

*All Dates are in MM/DD/YYYY Format*

# Deployment/Redeployment Readiness

- Utilize the 1st PERSCOM roster to retrieve data on all USAREUR deploying and re-deploying Soldiers.
- 1st PERSCOM roster is sent to AMSA to check on valid 2795/96’s on file.
- Currently working with the TPFDD and monitor the deploying unit’s FMR and the 9 non-USR items, G6PD, Hepatitis B, and Anthrax vaccinations, which is currently on pause.

# Med Readiness, Processing, MEDPROS

## Missing DD 2795/96 Prevention and Recovery Plan

- FHPO Receives AMSA scrub of 1st PERSCOM roster
- FHPO conducts initial analysis che que forms a to G1

- FHPO Receives deployment and redeployment roster from 1st PERSCOM Website
- FHPO Scrub against previous roster

- G1 receives roster from FHPO
- G1 conducts QA (removes ETS/ PCS's/KIA's/MEDEVAC's) and forwards to the MTF's with two week suspense to search for missing forms, then respond with by-name status of missing forms
- Line unit contacted to get Soldiers in with missing 95/96's

- Results of analysis/feedback from the field

Week 1

Week 2

We 3

Week 4

Week 5

*Cycle Repea*

- FHPO forwards 1st PERSCOM roster to AMSA
- AMSA scrubs against data base and Identifies forms not received and returns to FHPO

- MTF's receives responses from the clinics and line units – then forward to G1
- G1 conducts QA and analysis and forward results to FHPO and ERMC HQ

# Anthrax Vaccine Immunization Program

- ***On 27 Oct 04, the United States District Court for the District of Columbia issued and injunction against the current operation of the Anthrax Vaccine Immunization Program (AVIP)***

- ***The injunction from the Court was based on the FDA failure to solicit additional public comment before concluding the anthrax vaccine was Safe and effective for use against inhalation anthrax***

- ***The anthrax program is placed on PAUSE until the DoD, FDA, and the Justice Department clarify these legal issues***

- ***All anthrax shots are placed on hold until further DoD***

# Influenza Vaccination Program

***Due to a vaccine supply shortage, only the following priorities will receive the influenza vaccination this CY 04/05 all other individuals will not receive the vaccination this CY 04/05;***

- ***Operation Forces deployed or deploying to the CENTCOM AOR In support of OIF/OEF, Korea, SFOR, and KFOR***

- ***Medically High-Risk Individuals as defined by the Centers for Disease Control & Prevention (CDC)***
  - ***all children 6 to 23 months***
  - ***all adults 65 and older***
  - ***persons 2 to 64 years with underlying chronic medical conditions***
  - ***all women who will be pregnant during influenza season***
  - ***children 6 months to 18 years on chronic aspirin therapy***
  - ***out of home caregivers and household contacts of infants less than 6 months old***
  - ***Healthcare Workers***

# MILVAX - Medical Readiness

## Influenza Vaccination Program

- ***Forces due to deploy and those already deployed (SFOR & KFOR) have already received their vaccination supply and are administering vaccinations***

- ***Medical Treatment Facility Commanders have identified individuals considered 'High-Risk' in their footprint and will receive vaccine shipments in November to begin vaccinations***

- ***USAMMCE is schedule to receive 51,314 doses of influenza to vaccinate all priorities, 23,000 doses received last week to vaccinate the 'High-Risk' population***

- ***MTF Commanders must ensure only individuals identified in each priority is vaccinated this CY 04/05***

# CPF's - Medical Readiness

- 62K Soldiers in USAREUR, 3 year tour, 20K come/20K go each year – 21 CPF's with Med sections in Europe
- Your first of 5 opportunities to update/ populate medical readiness
- Is directed/spelled out in updated AE Reg 612-1, to be published soon – Directs that Soldier is medically ready within 3 days of arrival at gaining unit
- ERMC Policy is being drafted to provide uniform and synchronized procedures/ checklist

# CPF’s - Medical Readiness

- FHPO obtains monthly list of new arrivals from 1st PERSCOM, we then look at approx 10% for each CPF Med section. Check for 100% FMR (8 USR Items), 9 Non-USR, G6-PD, Anthrax and HEP B (As applicable)
- Monthly report provided to ERMC Leadership/MTF CDR/DCA/DCCS
- FHPO providing SAV’s to each CPF Med section
- Currently Med Sections are not doing a very good job
- Is critical to Soldier completed at CPF or else will be doing daily SRP’s at your clinic

# CPF's - Medical Readiness

## UMR/IMR Categories

- ***Fully Medically Ready (FMR)*:** **Soldier meets all 8 USR reportable items**

| | |
|---|---|
| Not Pregnant | (Updated at User Level) |
| Medical Non-deployable Profile | (Updated User Level) |
| DNA | (Updated Weekly) |
| Dental | (Updated Daily) |
| HIV | (Updated Weekly) |
| Immunizations | (Updated at User Level) |
| No Limited Duty Profile | (Updated at User level) |
| Current Physical Exam | (Updated Bi-Weekly) |

- ***Critical, but not USR Reportable (These are the ones the unit verify and do quarterly):***

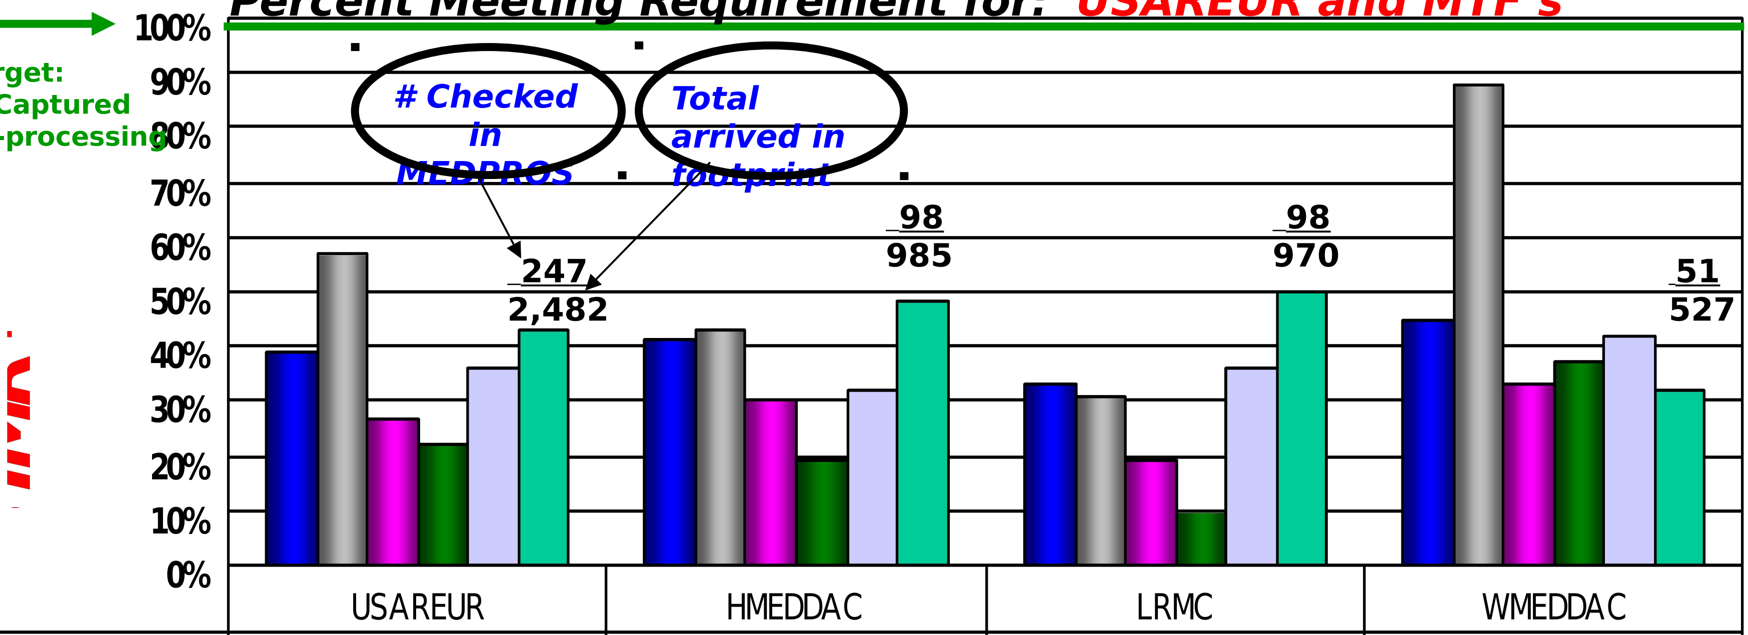
| | |
|---|---|
| 90 Days Meds | (Updated at User level) |
| Medical Warning Tags | (Updated at User level) |
| 2-Pair of Military Glasses | (Updated at User level) |
| Protective Mask Inserts | (Updated at User level) |
| Hearing Aid with Batteries | (Updated at User level) |
| Eye, Hearing, Respiratory Equip | (Updated at User level) |
| Panograph | (Updated Daily from CDA) |

- ***Others:*** **G6-PD. Anthrax and HEP B to become a part of Routine Adult Profile in MEDPROS for those that have started. Will take a few weeks after Anthrax Pause is lifted to show in MEDPROS.**

# Monthly MTF Medical Inprocessing at Central Processing Facilities (CPF)
# MEDPROS – Individual Medical Readiness (IMR)

## Percent Meeting Requirement for: USAREUR and MTF's

Target:
100% Captured
During in-processing



| | USAREUR | HMEDDAC | LRMC | WMEDDAC |

# CPF’s - Medical Readiness

## Command Emphasis:

- 100% screened and updated is the standard (Dental and current physical exam may extend beyond the in-processing cycle)
- Ensure Med Sections at CPF are doing their job
- Ensure MEDPROS READ/WRITE capability/ connectivity
- Ensure med readiness updating procedures are Soldier friendly
- Ensure compliance with new Policy being drafted
- Line unit CDRs are directed to comply with GEN Bell Policy Letter 32

# MTF/Clinic Feedback

- Describe/discuss your CPF Med section inprocessing/outprocessing operation for:
  - Babenhausen
  - Budingen
  - Butbach
  - Darmstadt
  - Hanau
  - Friedberg
  - Coleman
  - Mannheim
  - Stuttgart
